August 24, 2026

FOR IMMEDIATE RELEASE

SUBJECT: OPSMA Endorsement of Bert Perello for Oxnard City Council, District 1

The Oxnard Public Safety Managers Association (OPSMA) officially endorses incumbent Councilmember **Bert Perello** for re-election to the Oxnard City Council, District 1.

As public safety management professionals in Oxnard, our focus is on ensuring operational stability, robust infrastructure, and absolute fiscal accountability. Oxnard faces complex public safety challenges daily, and we require decisive city leadership that understands the technical and strategic realities and community trust. Bert Perello has consistently proven to be that leader.

Throughout his tenure, Councilmember Perello has actively supported the critical systems that protect this city. He recognizes that public safety requires deliberate investment in our first responders, 911 emergency systems, and core infrastructure. His rigorous, detail-oriented oversight of city resources ensures that our City structural support and data-driven tools are necessary to manage public safety needs, and maintain high-caliber staffing.

Bert does not treat public safety as a casual line item. He understands the tactical necessity of optimizing resources and maintaining stability, especially during budgetary shortfalls. He is an accessible, practical advocate who works collaboratively to keep our streets safe, resolve single points of failure, and protect our neighborhoods.

OPSMA stands firmly behind Bert Perello. His continued presence on the City Council is vital to maintaining institutional knowledge and ensuring the safety of the Oxnard community.

We urge the residents of District 1 to cast their vote for **Bert Perello** on November 3, 2026.

Sincerely,

Dale Mc Alpine

President

Oxnard Public Safety Managers Association
